

Miniature Crocodile Clip Leads, pack of 12

Set of 12 Miniature Crocodile Leads. Great in any science laboratory or design technology workshop involving any low voltage electrical circuit.

Code 2463

Product Description

Set of 12 Miniature Crocodile Leads. Excellent for fast prototyping where removable connections are essential. Available as a pack of 12 coloured leads (2 red, 2 green, 2 blue, 2 black and 2 white).

Coated with a plastic cover to enhance safety and prevent unintended shocks. These clips are ideal for prototyping and testing electrical circuits. Max. current supported: 0.5A.

RoHS Compliant.

Features:

- Fast prototyping
- Plastic insulation for safety and durability.
- 55cm long cable.
- 2.8cm clip
- Conducts up to 0.5A.

Contents:

- 12 x Miniature Crocodile Clip.

Dimensions:

- Lead Length: 550mm.
- Clip length: 28mm.
- Wire Gauge: 14/0.12mm (22AWG).

Note:

- Low voltage use only.
