

MicroSD Memory Card 128GB Class10

SKU:FIT0643

INTRODUCTION

Enjoy faster file transfer speed and larger storage capacity with this 128GB MicroSD memory card. With brand new SanDisk A1 chip, this memory card offers up to 100MB/s read speed and supports UHS-1, which allows you to quickly transfer audio, video, or files. Furthermore, they're waterproof, temperature-proof, and X-ray proof, so you can use them freely without worrying about the durability of your memory card. It has been widely used in robot and drone to capture Full HD video.
Use this 128GB memory card to get the most out of your smartphone, tablet PC, mini PC, Raspberry Pi, JETSON NANO development kit, PYNQ-Z2 board or LattePanda win10 development board.
