Off-the-Shelf Pre-populated Junction Boxes

Plan with more flexibility and achieve goals faster with populated junction boxes

As an oil & gas industry contractor, operator or MRO company, there is an ever growing demand to meet tight deadlines that seem more stringent with each passing job. In addition to the customary requirements of building systems and providing consistent maintenance to stay operational, there is a need for solutions that reduce complexity and increase bandwidth to meet deadlines with time to spare. This is where Weidmuller, a proven manufacturer with a 40-year history of building stainless steel junction boxes certified to industrial and hazardous standards, plays a part in reducing BOM complexity and improving work capacity with their new quick turn-key box solution.

Our "Quick Turn Program" Service Promise via our Authorized Distributors:

- 1-day ready to ship off-the-shelf pre-populated junction boxes for 12-, 24- and 36-pair homerun cables
- 9-day ready to ship "Engineer-to-Order" junction boxes. Choose from a wide range of enclosures and accessory assortment (shown on the right)
- 24-hour quotation turn around with lead time for the entire "Quick Turn Program"
- All junction boxes come fully populated and certified as per your need (UL AEx, C1D2/C1Z1, ATEX/IECEx and UL 50)

Benefits for You

- Standardize your unique single part number for the Weidmuller junction boxes that's assigned to your finished junction box. This minimizes inventory.
- Quick delivery and high reliability of supply and quality reduces your inventory and the downtime of the plant
- You can focus on your core competencies rather than ordering, assembling, labeling of components into one junction box

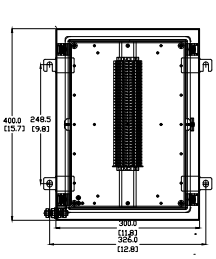

Approvals and Certifications

UL AEx	Class 1, Zone 1 AEx e IIC Gb
