

Shapeoko XXL T-Track & Clamp Kit

TOL-14907

This T-Track & Clamp Kit for the Shapeoko XXL is an all-in-one box filled with parts to help improve the functionality of your CNC. This versatile T-track system provides a flexible and reliable way to hold down a wide assortment of material to your Shapeoko XXL CNC Router. The T-track system easily attaches on top of the Shapeoko wasteboard making set-up a breeze.

With this kit, you will be able to use the provided wooden clamps and hardware or even design your own custom fixtures to hold your work while machining.
