

Blade Fuse Holders - FLR PCB Fuse Holder for ATO® Style Blade Fuse Rated 80V

RoHS

Specifications

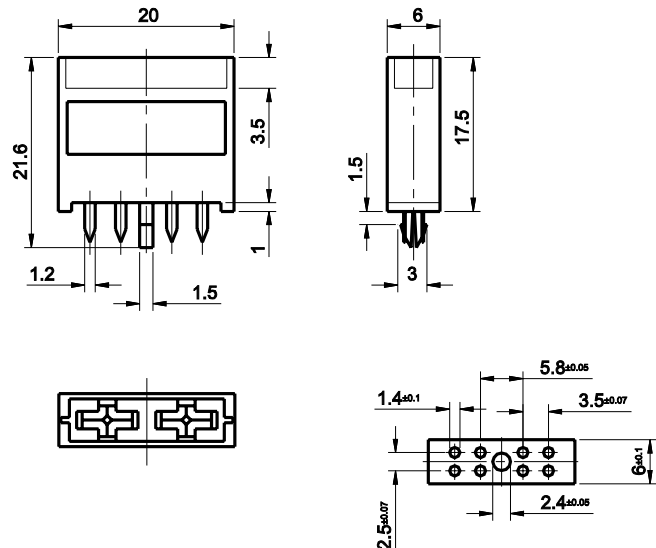

Housing: Out of thermoplastic (UL 94-V0, heat-resistant)
Connections: Leaf spring connector systems, soldering terminals (4 pins each), copper alloy, silver plated
Color: Black
Packaging: Black

Series Serien	Pack Size
178.6165.xxx1	100
178.6165.xxx2	500

PCB Fuse Holder for ATO / FKS size fuse-links. For through hole soldering. Rated voltage 80V.

PCB-Sicherungshalter für Sicherungen in ATO / FKS-Größe. Durchlötmontage, Nennspannung 80V.
