SKU: **MIXED**

TECHNICAL DATASHEET

1000 Series WickGun Desoldering Braid Dispensers

Product Description

A quick and convenient way to desolder. Simple, one handed operation that dispenses, positions and cuts off braid.

Rotate thumb wheel to advance or retract braid, squeeze the trigger to cut off used braid. No waste and no more burned fingers!

The WickGun™ comes pre-loaded with pure copper braid coated with natural rosin flux.

Key Features

- Simple one handed operation that dispenses, positions and cuts off braid.
- Fingers never touch the braid so operators are free of burned fingers and braid stays clean and free of contaminants.
- WickGun braid dispensers feature replaceable/interchangeable cassettes factory loaded with 15' (4.6 meters) of pure copper braid coated with a pure rosin flux.
- The WickGun is both ESD safe and RoHS compliant. Contains 1 roll of Wick and the dispenser. Replacement rolls available.
