Obsolescence

Summary

Part Lifecycle	Obsolete
Lifecycle Source	<a href="#">Product Discontinued Notice</a>
Notice Date	June 1, 2017
Last Time Buy	February 22, 2018 <span>LTB date already passed</span>
Last Time Ship	September 1, 2018 <span>LTS date already passed</span>
Lifecycle Comment	The part's lifecycle status has been confirmed by a trusted manufacturer source.

Obsolescence Insights

**Obsolescence Details**  
The Manufacturer has obsoleted this part.

Obsolescence Criticality

Critical

Obsolescence Type

Family Obsolete

Obsolescence Comments

The FPGAs and CPLDs are being discontinued due to Intel PSG's package vendor phasing out its production line capacity for 8" eutectic / High Pb wafer bump capacity, and the declining demand for the legacy product families
